

THE UNIVERSITY OF CHICAGO
CHICAGO 37 • ILLINOIS
INSTITUTE OF RADIOBIOLOGY AND BIOPHYSICS

Dear Josh,

May 7 seems like a reasonable time
for us to visit Madison - so hang on to the
tickets.

Our difference in reactivation by
light between ~~S and W~~ 58-161 and W-1
no longer seems real.

Bloomington meeting was
interesting, but no new results.

I have to hurry off to Toledo
for the week-end with my folks.

A more coherent letter follows.

Alan
